DETAILED ACTION

Claim Rejections - 35 USC § 112

- I. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- A. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

i. It is not possible for the Examiner to determine the meets and bounds of the claim. Applicant claims a seal device for "a cooking utensil", it is unclear whether the limitations following "seal device" are drawn to the "seal device" or cooking utensil". It appears that Applicant is attempting to further define a "cooking utensil", which has not been positively claimed.

ii. Examiner will interpret the claims as pertaining to the sub-combination of a "seal device". Please make sure claim language complies with accepted US Practice.

Claim Rejections - 35 USC § 102

- II. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Art Unit: 3676

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

A. Claims 1-6, as best understood, are rejected under 35 U.S.C. 102(b) as being anticipated by Meyer et al., US No. 5,112,065 ("Meyer").

i. Meyer discloses a seal device (FIGS. 1 & 2).

ii. Examiner Note: From the drafting of the claim the only thing clearly claimed in Applicant's invention is a seal device.
